- 2 panels will be sent for color match approval
- Axalta reserves the right to ship + / - 10 percent of quantity requested on order
- Minimum order = 110 Lbs Maximum order= 1210 Lbs
- The submitter will be notified immediately if the color request does not fit the parameters of the color match program, and an alternative solution will be suggested

Color Matching Policy:

Axalta powder matches will have a color Delta-E (dE) difference to the standard of 1 or less if they are readable by Axalta's color spectrophotometer. Flat surfaces of 0.5 cm x 0.5 cm (minimum size) are the only acceptable match standards considered for submission.

Color standards not readable by the spectrophotometer will be visually matched using the customer's lighting specifications.

By agreeing to the above policy for color matching, you accept the powder coating under 'Make To Order' and returns will not be accepted.
